(5:22:26) – Member Thompson referenced and agreed with the letter addressed to Governor Sisolak from the Lincoln County Board of County Commissioners, which is incorporated into the record as Late Material. He suggested that the Member representing the Board at the next Nevada Board of Wildlife Commissioners meeting indicate that the Board supports the Lincoln County Board of County Commissioners' position.

(5:28:05) – Discussion ensued regarding the background on the Nevada Sagebrush Ecosystem Program and the Sagebrush Ecosystem Council referenced in the letter, during which Member Boehmer suggested remaining neutral on the matter based on the limited information currently available. Discussion ensued, during which Vice Chairperson Thompson disagreed with regulations for coyote contests and did not believe more regulations were necessary. Member Boehmer believed that creating more regulations for wildlife contests could result in a potentially bad statute. Members Stewart and Boehmer believed that the Members should oppose regulations for wildlife contests in general, and Vice Chairperson Thompson did not wish for NDOW to

be involved in a regulation for the contests. The consensus among the Members was to take a position of opposition on the item.

He also mentioned that members of the community were wondering if the Nevada Board of Wildlife Commissioners could do a YouTube video or something similar about what is going on at the Carson Lake and Pasture area so the sportsmen who use such areas could have that information available to them.
