|             |               |  |           |  |       |   |  |                       |   |   |

**\*Employees with Diarrhea or vomiting MUST BE EXCLUDED from work for at LEAST 24 HOURS after symptoms are gone.**

**\*\*Infected food workers present a severe food safety risk. The person-in-charge is required to notify the local health department, if any food employees are known to be infected with Salmonella, Shigella, E. coli, the hepatitis A virus, or other pathogen that can be transmitted through food. Note: The Nevada Food Code (NAC 446.056) requires food workers to report information about their health as it relates to illnesses that can be passed through food.**
